 at Very Reasonable Prices for both: The
 Beginner and the the Advanced Collector.

The Articles appearing herein may be reproduced in whole or in part without
 obtaining Prior Approval of the Society. Credit to the Author and Copies of
 their Reproduction would be greatly appreciated.

UNNECESSARY ISSUES!

"STAMP LOVER" July 1984

In the light of certain practices which have developed over the recent years, the Philatelic Traders Society Ltd. has made the following general Policy Statement:

The Society represents hundreds of Stamp Dealers and Auctioneers in Great Britain and Overseas. Our Members uphold High Standards of Integrity and are accountable to the National Philatelic Society which maintains a continual watch over these Standards in order that the Hobby of Stamp Collecting is served to the Best Advantage.

We have been concerned for some time with the proliferation of New Issues from a large number of Stamp Issuing Territories. Stamps are produced in large numbers, sometimes with artificially low printings, with very high face value to encourage speculation.

We can see no valid necessity for the following practices:

- Imperforate Issues
- Small Sheetlets
- Blocked Values
- Deliberate Varieties
- Errors and Specimens
- Unnecessary Commemoratives

particularly from Territories with no connection with events concerned

We do not agree with the practice of issuing individual items for smaller parts of the same Territory; for example, Islands which form part of the same group; neither do we agree with the production of Private Local Issues, without their unofficial status being properly described. We consider this misleading to the collector.

The Above does not necessarily cover all of the objectional practices.

A Major Stamp Magazine states that over 7,000 new stamps have been issued in One Year and some catalogues include an Appendix of Issues from countries which, it is felt, persist in issuing far more items than can be justified by their postal needs. We, as a Society, hope that this Policy continues to be upheld.

It has been and it will never be our Policy to dictate how or what a Person should collect, but, the present flood of unnecessary and dubious new issues endangers the future of serious philately.

We are convinced that this Statement will meet with the Full Approval and Support of all who are interested in the Future of the Hobby.

LPSNY CLUB NOTES - VOX POP POTPOURRI - DIGEST of BALTIC PHILATELY

JOIN THE TEAM! The LPSNY BULLETIN is Your Publication. It is a Specialist Publication. We need your help to make it the success it can be. The Field of Lithuanian Philately is so broad that no Individual or Group can do it all by itself. We must have continual contributions from our membership.. If you have an article in mind- or an idea for a Report on Lithuanian Philately- Please Let Us Know! Do not worry about Writing Style or your Literary Ability! We can help you write- We can help you put it together for publication. What we need most of all are your ideas and facts- information that can be translated into an article of interest to the other LPSNY Members. Drop a Note to the Editor and make your ideas and Field of Study known. We will try to do the rest in connection with you. Let's hear your contribution!

BALTPLEX IX- A Joint Venture of the Estonian, Latvian and Lithuanian Philatelic Societies of Canada will host their Triennial Joint Exhibition on April 23-24, 1988 to be held in the Lithuanian Community Home at 1573 Bloor Street, West in Toronto, Ontario Canada. Each Society will provide their best Exhibits for their Third of the Exhibition. There will be a Dealers' Bourse and the Admission is FREE! YOU ALL COME!

We would like to ask our LPSNY Members- those who can afford it- to buy an Extra Copy of our Handbook: "postage Stamps of Lithuania." thus helping our Society and the Publisher to reduce their stocks, which is getting to be pretty low now. Thereby, one could become a Repository for this Volume when it will not be available to the new Collectors of Lithuanian Postage Stamps. One could also buy an Extra copy of the Handbook and donate it to one's own Public Library or give it to a Friend who need not be a Stamp Collector. Many have acquired our Handbook who are not Collectors. Also, there is the Investment Angle. Place your Order at the old price of \$16.50 (US) postage prepaid with W.E.Norton, 2647 Eddington St; Phila, Pa. 19137

The Collectors Club of New York acknowledged with Thanks and Great Appreciation, the Lithuanian Philatelic Society of New York's Gift of a Copy of Fugalevičius's "Post Office Cancels of Lithuania."

A Very Busy Philatelist! LPSNYer GEORGE B. LINDBERG informs us that he visited Sofia, Bulgaria on February 21, 1988 to assist them in setting up the BULGARIA '89 Philatelic Exhibition; and from there he will be on his way to Zurich, Switzerland (F.I.P.) and the following week, he will be in London for their SUPER-STAMPEX.

CONGRATULATIONS to LPSNYer KAUKO ARO for having been awarded a VERMEIL at BALPEX '87 held in Baltimore, Md. September 5-7, 1987. for his Exhibit of the "postal Stationery of Finland", 1850-1900 receiving also the United Postal Stationery Society's First Award.

The "Baltikum Briefmarken Werbeschau" (Baltic Postage Stamp Exhibition) which was held in Kiel, Germany on February 28, 1988 sported a Commemorative Envelope Cachet featuring a map of the three Baltic Countries, Estonia, Latvia and Lithuania, plus a beautiful Oval Commemorative Cancel that included the same design.

An interesting publication by LPSNYer F. LEMOS da SILVEIRA is the Catalog of "The Aerial Cachets of Air Portugal (TAP) 1968-1985. a List basically meant for the AeroPhilatelists who want to give a rational Order to the Flown Covers that relate to TAP-AIR PORTUGAL that are now in their collections and who wish to fill in an occasional void. It may also help new comers in AeroPhilately in initiating a collection of the First Flights of this National Company in accordance with a Book of Reference. A Free Copy of the Booklet may be obtained from: TAP AIR PORTUGAL / DRP-IM; Att: F. Lemos da Silveira, Apartado 5194, P-1777, LISBOA CODEX / PORTUGAL.

Lot No. 899 of the LPSNY Members' Mail Sale was described as a Lithuania Official PostOffice Seal. LPSNYer RAIMUNDAS LAPAS now informs us that the Seal (GrayBlack) 22x47mm. Size, Perf. 14½, was issued by the Lithuania Post, Telephone & Telegraph Division for the primary purpose to Seal Telegraph Message Forms. Its design includes the VYTIS and the GEDIMINAS COLUMNS. There is no text thereon. The Post Office had a totally different Sealer: Square, Perforated, with a VYTIS Design and text inscription: "POSTE LITHUANIENNE - LIETUVOS PASTAS" We are informed that it is an extremely rare item according to Raimundas.

LPSNYer GEORGE B. LINDBERG, in his Official Capacity in the F.I.P. Vice President attended their 56th Congress held in Copenhagen, Denmark on October 10, 1987 which event evidently merited a Special Commemorative Postal Cancel.

"THE WORLD of TOMORROW" A Feature Film of the New York World's Fair of 1939-1940 which has been widely shown in Theaters and subsequently in a shortened version on the Public Television Stations, is now available on Video Cassettes in Full Length.. It includes the Lithuanian Day Exercises and many other colorful scenes that were filmed by LPSNYer CHARLES MATUZAS and his Brother. It is a beautiful documentary of that era and was well received by the Press. Millions of Viewers saw the Lithuanian Day part broadcast on Television that was repeated countrywide. It is professionally narrated by JASON ROBARDS. VHS Price to Members is \$47.50, shipping included. Producers price is \$79.95. Send your Order to: C. Matuzas, 107-33 117th st., Richmond Hill, N.Y. 11419

At the Finland National Exhibition held in Yavastehus (Hameenlinna) May 8-10, 1987, Martin Holmsten received a VERMEIL for his Exhibit: "Russian Maritime Mail, 1714 - 1927"; In the same show, August Leppa was also awarded a VERMEIL for his Exhibit of "Eesti Posti"

Incidentally, we do not know what to make of it! Last Fall, at one of LPSNY's quarterly meeting, we had an Surprise Visitor from the New York Area make an appearance. He was Mr. VILIUS KAVALIAUSKAS a Correspondent of the Moscow News Weekly! On whose Rating Charts are we being listed?

We regret to announce that as soon as our little stock of Silk Screen Covers that grace our LPSNY BULLETIN, there will be no more. Due to Personal and Health reasons, LPSNYer CHARLES MATUZAS is forced to give up this artistic production. We will miss this feature!

SEPAD '88, in part sponsored by your LPSNY, will be held Oct. 21-23, '88 at the VALLEY FORGE CONVENTION & EXHIBIT CENTER in King of Prussia, a Suburb of Philadelphia. The Local Baltic States Study Group is aiming for a 60 Frame participation and invites LPSNY Members to exhibit their goodies therein.

FORGERIES of JUNE 1941 OVERPRINTS
on Soviet Russian Stamps

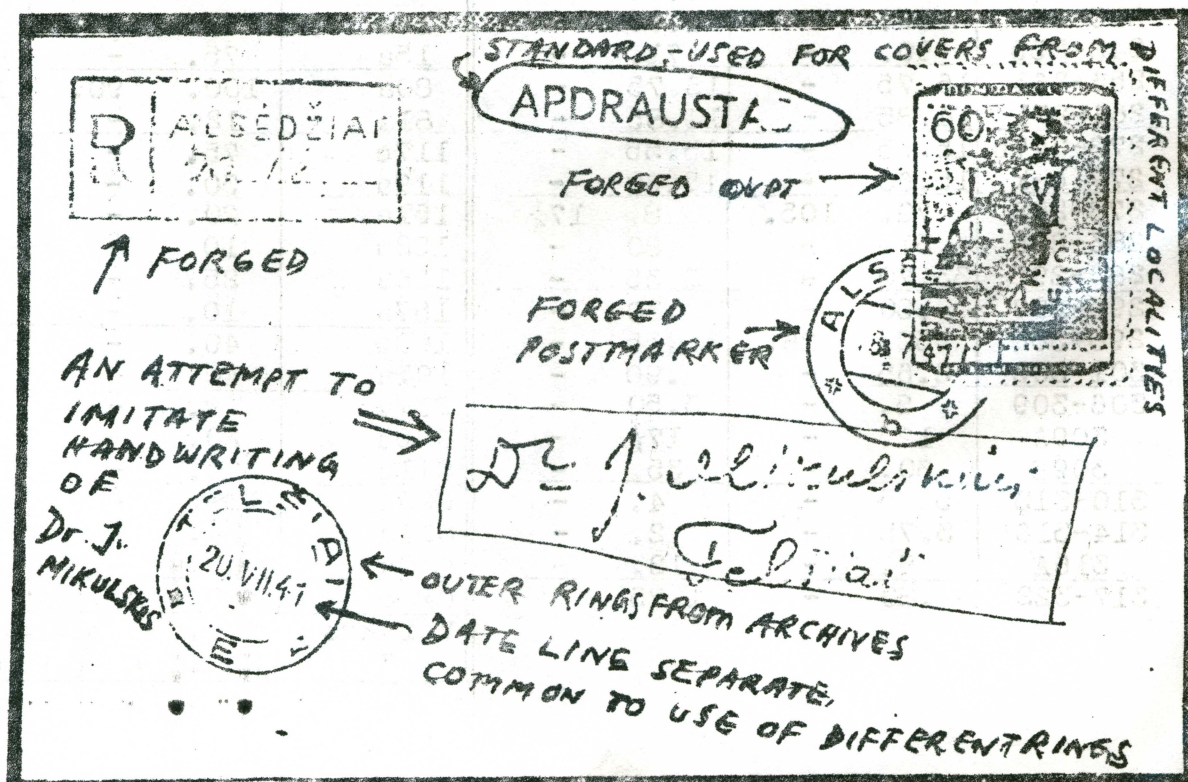

Our LPSNY BULLETIN has warned you about the discovery of a huge cache of FORGERIES that had been seized by Germany Officials. If they had been genuine, their value would have exceeded more than one million dollars. We had hoped that this seizure would have put an end to the circulation of this type of material not only in Germany, but also in England and other European countries.

A few of these covers of lesser value have been received here in the United States and now it has been reported that one of our Australian members had just acquired a batch of these forged covers. Everyone should be wary in the purchase of this type of material nowadays. Consult with your fellow members or your President and enclose a Xerox copy of the covers in question.

These forged covers are usually franked with sets of Lithuanian stamps, such as Scott #314-#316, or others of lesser value, and are complete with Registry Cachets. The envelopes are made from unusually white paper.

These forged overprints also appear on the high values of the June 1941 overprints: the 80k. Red Flag at the North Pole as well as the 1r. Russian Army Machine Gunner, and the Agricultural Fair Issue, with the "NEPRIKLADNAYA LIETUVA" "ALSEDZIAI" and "TELSIAI" overprints. There may also be others, so BEWARE!

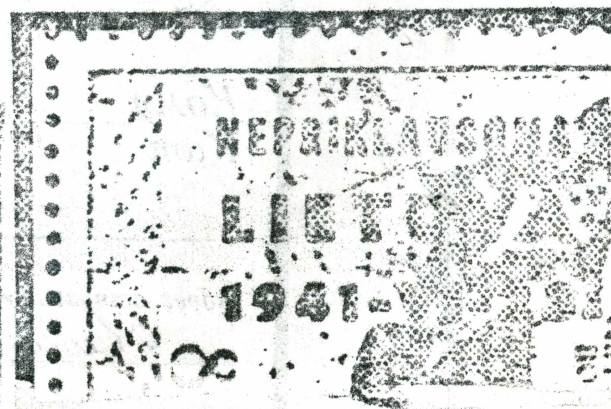

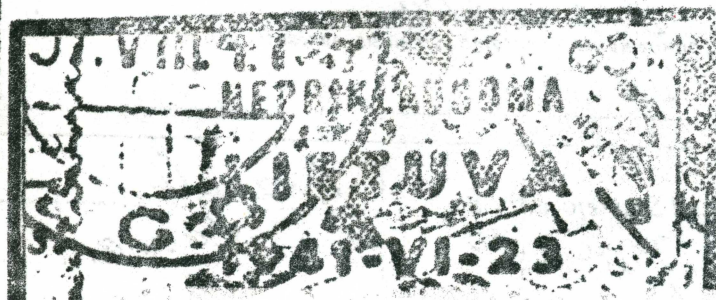

TYPICAL FORGED COVER

TYPICAL FORGERY CHARACTERISTICS

1. Outer Rings of Postmarkers taken from Archives.
2. Moveable Date Line is Same. Used on All Three different Town Rings.
3. Note Dot (.) between "4" & "1" of the year "41"
